Re: 8th and Plutus Streets Pottery Superfund Site, Chester, West Virginia

Dear Larry:

Please contact me at your earliest convenience. My telephone number is (215) 814-2672.

The EPA Region III Hazardous Site Cleanup Division has asked me to discuss with you the current zoning of the 8th and Plutus Streets Site, which is owned, in substantial part, by your client Rock Springs Enterprises, Inc. ("Rock Springs"). In addition, EPA would like to know the nature of Rock Springs's future use plans for the Site, if such plans are currently known. The Agency would also like to know if Rock Springs or any local governmental entity has any current plans to change the present zoning for the Site property once the Removal Action at the Site is completed.

Very truly yours,

Robert S. Hasson
Assistant Regional Counsel
